## BEACH STREET DOUBLE WASHSTAND SINK ASSEMBLY INSTRUCTIONS

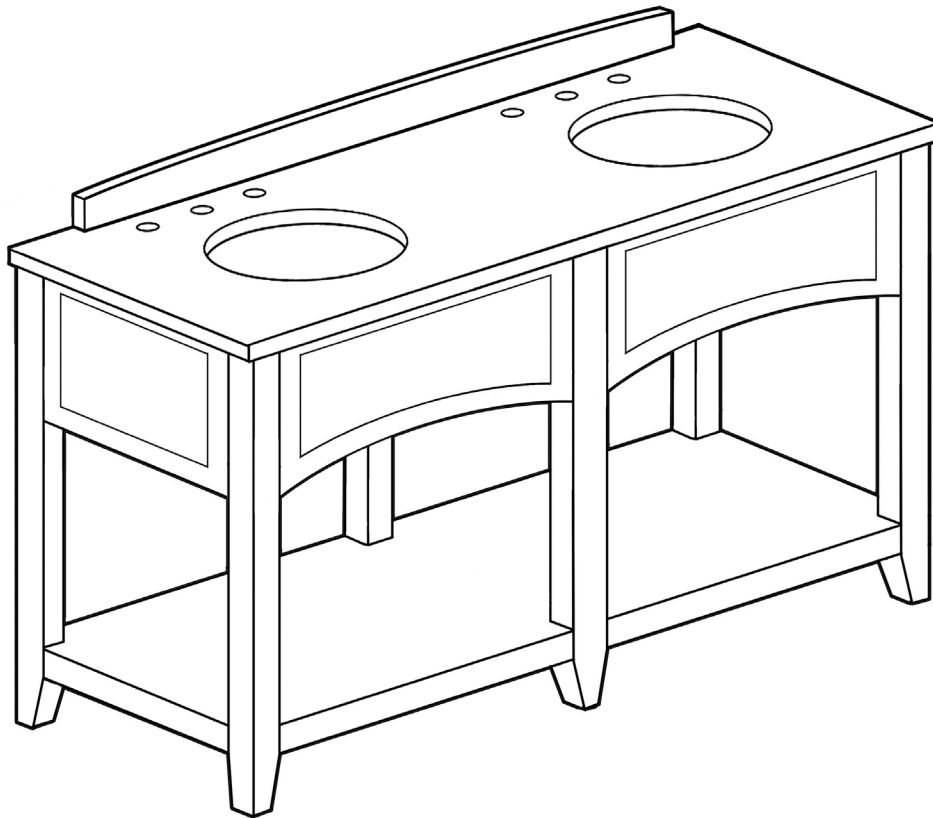

---

### Before You Begin:

Professional installation by two-person crew is required for this fixture. Install water supply and drain piping according to local plumbing and building codes. Insure that wall and floor are square and plumb at site of installation.

### Tools and Materials Required:

1. Flat, nonabrasive work surface such as a blanket or smooth cardboard
2. Carpenter's level
3. Sealant

ASSEMBLED SINK

## BEACH STREET DOUBLE WASHSTAND SINK ASSEMBLY INSTRUCTIONS

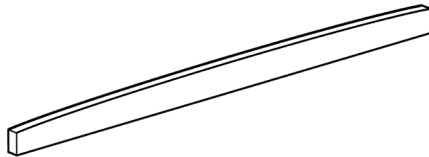

---

### Assembly Instructions:

1. Place the basins (C) on the support bars of washstand (D). Overflow of lavatory basins should be on same side as pre-drilled faucet holes on stone top. (See Illustration).

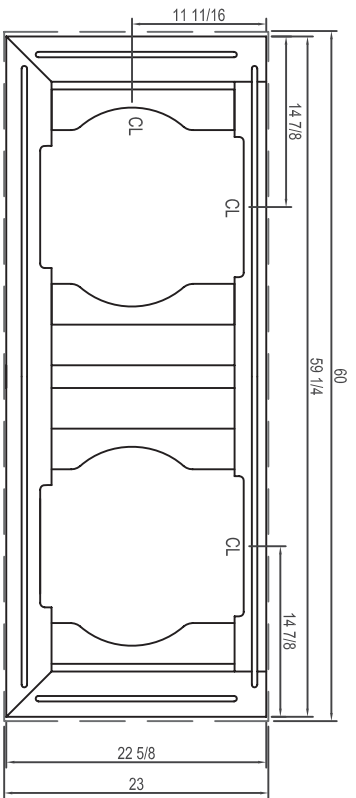

2. Apply a continuous bead of sealant to the top surface of rim of lavatory basins (C) where it will contact underside of stone top.
3. Using two people, lift stone top (A), carefully place it in position on top of washstand base.
4. Apply silicone sealant to bottom and back of backsplash (B) and attach to wall and marble top.

### Cleaning and Maintenance Instructions:

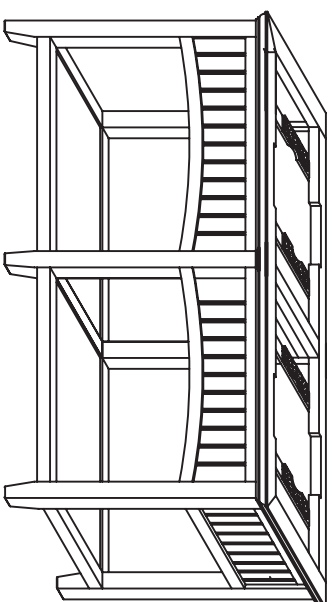

Avoid abrasive and harsh chemical cleaners.

To maintain and protect luster of washstand sink components, Restoration Hardware Bathroom Cleaning Products are recommended.

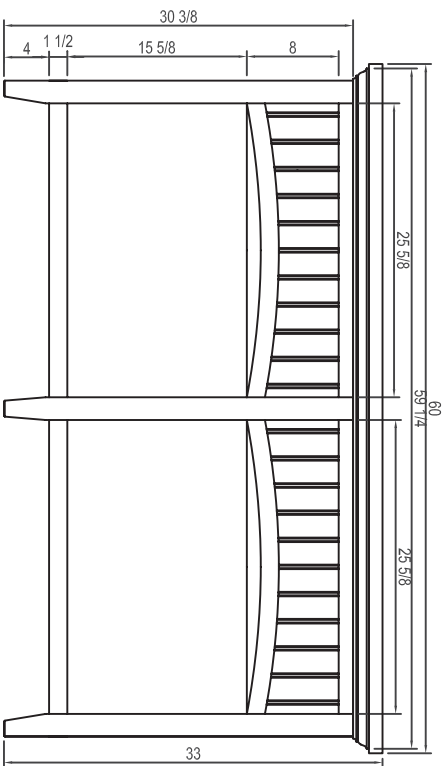

Restoration Hardware natural stone tops have a honed finish and hand-polished edges. They are sealed twice before shipment with inert silicone sealant. For cleaning and maintenance, Restoration Hardware Stone Care Products are recommended. To maintain your natural stone top, reseal it once a year.
