ASSEMBLY INSTRUCTIONS

1. Measure a space for the cabinet body (A). Blocking is recommended to ensure adequate support.

Inset (recessed) box measurements will vary according to cabinet model (See Below).

Dimensions: 22-1/8" wide, 32-1/8" high, 4" deep

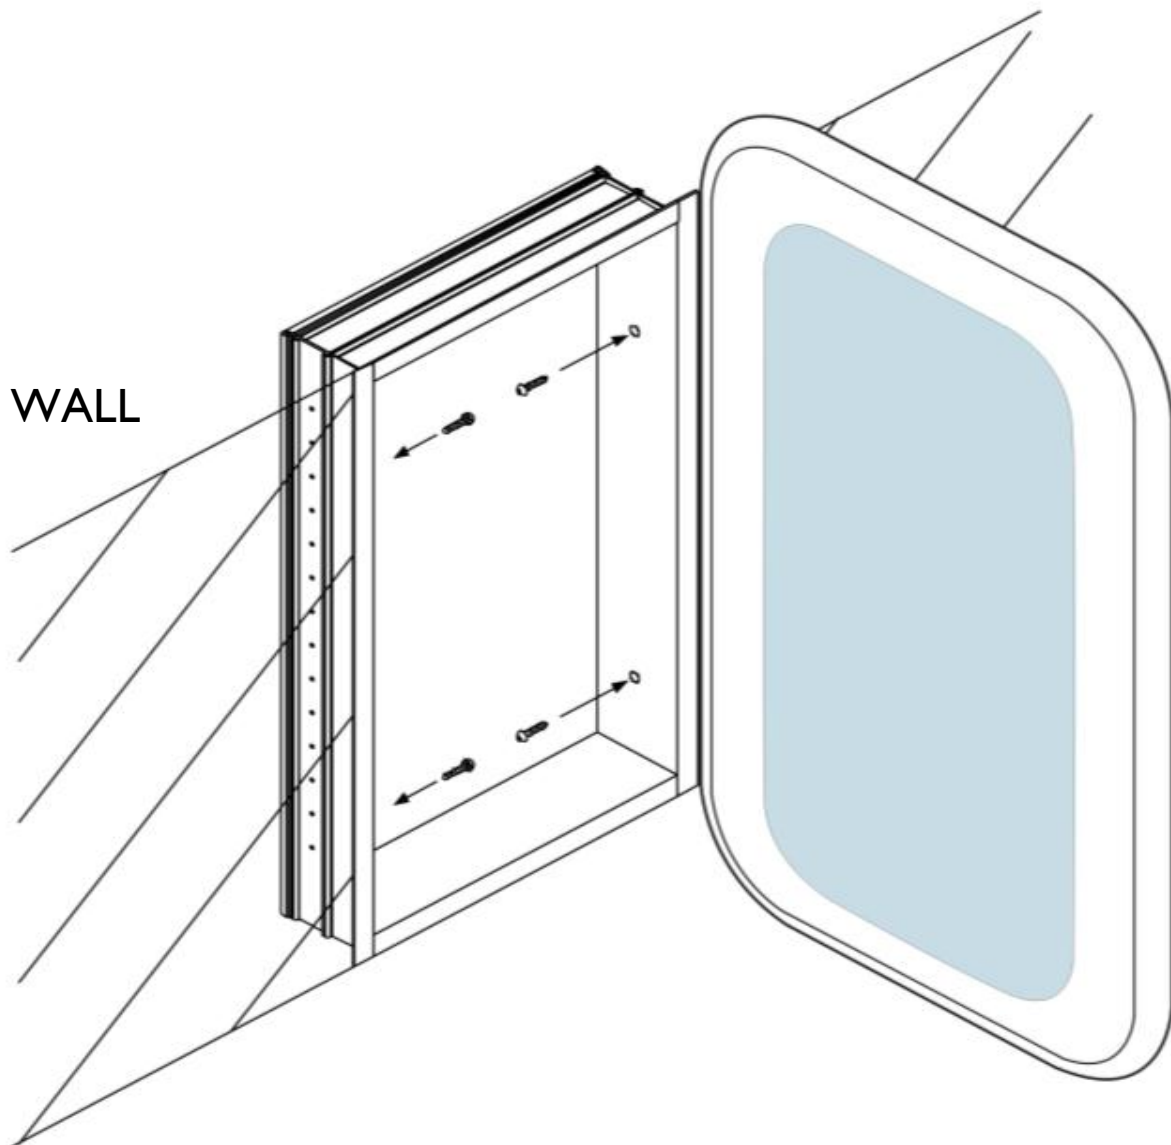

2. Install the cabinet (A) with recessed box set back within the wall cavity.

3. Cabinet can be mounted upside down to open door from the opposite side.
4. Open the door, find screw holes in side panels. Secure cabinet into wood frame with screws (B).
5. Enclosed screws (B) are for wood frame only. Appropriate anchors and screws must be purchased for installation into non wood frames.

6. Once installed, if the cabinet does not look level at the bottom or top, open the door. By pulling lightly on the top or bottom of the door, the outer screw of the top or bottom hinge is loosened. Align the door and re-tighten the screw.
7. If the door is loose, it can be adjusted by tightening the inner screw of the hinge.

8. Shelf Instructions. Move shelf supports (D) to the correct prepared holes and insert them.
9. Put the glass shelf (C) on the supports.
10. Repeat with remaining shelves.

CLEANING AND MAINTENANCE INSTRUCTIONS

To maintain and protect luster of all products, clean with soft, damp cloth only.
