## PARISIAN IRON GATE TABLE LAMP

## IMPORTANT SAFETY INSTRUCTIONS:

For safety purposes, this lamp is equipped with a polarized plug (one blade is wider than the other) If the plug does not fit securely into outlet, do not force it - contact a professional electrician. Use the plug with an extension cord only if it can be fully inserted into the cord's socket. Never alter the plug in any way.

This fixture has been rated for up to (1) 100-watt maximum TYPE A bulb To avoid the risk of fire, do not exceed the recommended wattage.

## WARNINGS:

1. All wires are connected.
2. Do not remove the lamp from its packaging by pulling on the power cord, as a bad connection may result.
3. Do not connect electricity until your lamp is fully assembled.
4. To reduce the risk of fire, electrical shock, or personal injury, always turn off and unplug lamp and allow it to cool prior to replacing light bulb.
5. Do not touch bulb when fixture is turned on or look directly at lit bulb.
6. Keep flammable materials away from lit bulb

## TO ASSEMBLE:

1. Hold the iron lamp upside down and place the bottom plate upside down also, matching the holes in the plate with the holes in the lamp.
2. Insert the screws (G) in the holes and tighten using the allen key (H).
3. Completely tighten the screws and invert the piece to its normal position.
4. Insert the Harp (C) into the Saddle (D)
5. Insert the recommended bulb into the threaded socket.
6. Remove the Finial (A) from the Threaded Nipple (B) by unscrewing in counter-clockwise direction.
7. Place the Shade (not included) on the Threaded Nipple (B)
8. Reattach the Finial (A) and tighten to secure the shade (not included) by screwing in a clockwise direction.
9. Plug into proper electrical outlet and test fixture
10. Assembly is complete

## CARE INSTRUCTIONS:

Avoid the use of all polishers, cleaners, and abrasives, as they will damage the finish of your lamp. To remove dust or fingerprints, wipe gently with a soft, clean cloth
