

1930S FRENCH MIRRORED EXTRA-WIDE VANITY SINK ASSEMBLY INSTRUCTIONS

I. Storage

1. Keep marble top in its crate until installation.
2. Store crate vertically in a place safe from being hit or knocked over.
3. Do not stack anything on top of the crate.

2. Opening crate

1. Before unpacking make sure you have installation requirements present:
 1. A professional two man crew
 2. Sink base installed according to instructions with plumb wall and floor
 3. Ensure the marble top is the correct one for the base.
4. Tools and materials required:
 1. Flat, non-abrasive work surface, such as a blanket or smooth cardboard
 2. Carpenter's level
 3. Phillips head screwdriver
 4. Sealant
2. Carefully, without allowing any free fall, rotate the crate from vertical to flat.
This is the only time the crate should be horizontal.

1930S FRENCH MIRRORED EXTRA-WIDE VANITY SINK ASSEMBLY INSTRUCTIONS

3. Remove metal bands.

4. Unscrew the slats or lid and remove.

3. Examination of marble top

1. Examine the marble top for cracks or defects.

2. If defects are detected, please call 877-777-7059; do not install.

3. To clean the marble top, wipe with a soft cloth.

4. Installation of marble top

1. Always use a two man crew; a single person crew is much more likely to break or chip the marble top.

Double tops might require a 3 man crew.

1930S FRENCH MIRRORED EXTRA-WIDE VANITY SINK ASSEMBLY INSTRUCTIONS

Caution! Installation between two walls requires special care.

2. Specific Instructions for installation between two walls

1. Set top on its edge at back of counter.
2. Lower the front of the marble top to the sink base, making sure both ends come down at the same rate.
3. Do not shimmy, twist or turn the top as you lower it. - risk of breakage!

If defects are detected please call 877-777-7059 - do not install.

1930S FRENCH MIRRORED EXTRA-WIDE VANITY SINK ASSEMBLY INSTRUCTIONS

Before You Begin:

Professional installation by two-person crew is required for this fixture. Install water supply and drain piping according to local plumbing and building codes. Insure that wall and floor are square and plumb at site of installation.

Tools and Materials Required:

1. Flat, nonabrasive work surface such as a blanket or smooth cardboard
2. Carpenter's level
3. Sealant
4. Phillips head screwdriver

ASSEMBLED SINK

1930S FRENCH MIRRORED EXTRA-WIDE VANITY SINK ASSEMBLY INSTRUCTIONS

Parts List

- A. Stone top (sold separately)

- B. Backsplash (sold separately)

- C. Lavatory basin

- D. Washstand base

1930S FRENCH MIRRORED EXTRA-WIDE VANITY SINK ASSEMBLY INSTRUCTIONS

Assembly Instructions:

1. Place the basin (C) on the support bars of washstand (D). (See Illustration) Overflow of Lavatory basin should be on the same side as pre-drilled faucet holes on the stone top.

2. Remove screws and back panel when installing faucet to sink. (See Illustration). Back panel can be discarded or reattached with cutouts to accommodate plumbing.

3. Apply a continuous bead of sealant to the top surface of rim of lavatory basin where it will contact underside of stone top.
4. Using two people, lift stone top (A), carefully place it in position on top of washstand base.
5. Apply silicone sealant to bottom and back of backsplash (B) and attach to wall and marble top.

RESTORATION HARDWARE

I 930S FRENCH MİRRORED EXTRA-WIDE VANITY SINK ASSEMBLY INSTRUCTIONS

Cleaning and Maintenance Instructions:

Avoid abrasive and harsh chemical cleaners.

To maintain and protect luster of vanity sink components, Restoration Hardware Bathroom Cleaning Products are recommended.

Restoration Hardware natural stone tops have a honed finish and hand-polished edges. They are sealed twice before shipment with inert silicone sealant. For cleaning and maintenance, Restoration Hardware Stone Care Products are recommended. To maintain your natural stone top, reseal it once a year.
