Steps that show how the furniture is put together

Step 1:

Making a square frame on the wall to match the size of cabinet to insert.

Step 2 :Drilling four holes into broadside wall .

Step 3:Insert plastic tubes into holes.

Step 4 & 5:

Inserting the plastic tubes totally for preventing damage the wall when inserting screws into.

Step 6-(1)(2)(3):

Inserting screw, through the middle hole which at corner of each side of cabinet.

The screws should be insert to the plastic tube so that made the cabinet fixed on wall.

Step 7:Tighten the screws with screwdriver.
