FEATURES

Merging Old World and industrial influences, our distinctive collection features a geometric parquet top – handcrafted of solid reclaimed oak timbers from decades-old buildings of Russia – supported by a sleek, angular metal frame.

- Angle iron frame supports a patterned parquet wood top or shelves
- Parquet is handcrafted of solid reclaimed Russian oak timbers
- Rough-hewn planks are carefully hand-selected, planed and sanded
- Shelving units feature 4 shelves
- By their nature, salvaged wood planks may be somewhat uneven, and may cup or bow slightly over time, further enhancing their rustic one-of-a-kind character

- The parquet wood is artisan crafted with meticulous care. Given its handmade and hand-finished nature, variations in the wood are to be expected and celebrated. No two items are exactly alike.
