FEATURES

Inspired by architectural elements from 18th-century baroque design, our table features exquisite hand-carved baluster supports and scrolling corbel feet. Crafted of reclaimed French pine that's been distressed to a beautiful dry finish, the thick plank top is inset with square bluestone panels.

- Hand built from French pine with mortise-and-tenon joinery
- Rough-hewn planks are carefully hand-selected, planed and sanded
- Pine bears the hallmarks of old wood with nicks, imperfections and nail marks that reveal the table's provenance
- Thick plank frame top is inset with square bluestone panels
- Inherent variations in the color and shading of the bluestone lend unique character to each table; no two will be exactly alike

- This item is artisan crafted with meticulous care. Given its handmade and hand-finished nature, variations in the wood are to be expected and celebrated. No two items are exactly alike.

CARE

Wipe up spills immediately with a soft, dry cloth. Bluestone tabletops will scratch and are not heat or food safe. Avoid sharp objects, and do not place hot items or food directly on surface. We recommend use of coasters, trivets and placemats.
