FEATURES

Drawing inspiration from 18th-century Europe, our elm and hardwood table features exquisite, hand-carved supports. To achieve the beautifully weathered character of an antique, skilled artisans employ a painstaking, multistep finishing process.

- Built by hand of elm and hardwoods
- Kiln-dried and corner-blocked
- Aged elm finish is created through a proprietary process in which the wood is soaked, dried at a high temperature, then soaked and dried again to create a compelling vintage look

- Sanded slightly after aging to enhance the wood's raw, welcoming appeal
- Nicks, imperfections and natural variations in color are to be expected

CARE

Clear furniture wax can be applied to protect the finish from minor spills. Use coasters or placemats to help prevent marks or stains. Avoid mineral oil, as its usage could discolor the wood. Wipe the table clean with a soft, dry cloth after each use.
