FEATURES

In the hands of skilled woodcrafters, fishing boats that are no longer seaworthy get new life on land as the well-traveled tops of our metal-base tables. The hardwood planks bear dings, dents, nail holes, metal bolts and other vestiges of time and use, making each table unique.

- Handcrafted from vintage hardwood planks salvaged from boats
- Sanded for evenness and left unfinished
- Some original metal bolts are left intact
- Set on square-stock iron bases

- By their nature, salvaged wood planks may be somewhat uneven, and may cup or bow slightly over time, further enhancing their rustic one-of-a-kind character
- Given the handmade and hand-finished nature of these items, variations in the wood and metal are to be expected and celebrated. Each item is unique and no two are alike.

CARE

Clear furniture wax can be applied to protect the finish from minor spills. Use coasters or placemats to help prevent marks or stains. Avoid mineral oil, as its usage could discolor the wood. Wipe the table clean with a soft, dry cloth after each use.
