 Unlimited Furniture Delivery at a low flat rate based on delivery area. See a store associate or our website for details.

Fire tables are delivered in 1-2 weeks, and coordinating accessories are delivered in 3-7 business days, in most US metropolitan areas. See our website for delivery to Canada, pricing and additional views. *Catalog and Web only.

FEATURES

Enjoy the warmth of a cozy fire on the patio. Propane fire tables quickly warm an outdoor space.

- Made from lightweight, heat-resistant fibercast concrete
- Tables have weathered slate or sand finish; bowls have hand-painted grey finish
- Like natural stone, fibercast concrete will develop a patina when left outdoors
- Propane tank covers have leveling feet and a hole for hose to pass through; covers double as sturdy side tables
- Fire Bowl and Table are topped with decorative lava rocks
- Fire Bowl and Table include 8' connector hose

- Adjustable flame control
- Available in weathered slate or sand finish
- For outdoor use only
- Note: propane fire tables and bowls *cannot* be converted to natural gas

CARE

Avoid letting water stand on the surface. To protect your fire table or bowl and prolong its life, cover it with our custom-fit cover when not in use.
