

RESTORATION HARDWARE

ALL-WEATHER WICKER CARE

Our all-weather wicker furniture combines the classic look of wicker or rattan with the highest quality man-made fibers for superb durability. The resin fibers are highly resistant to mildew, fading, sagging, staining, tearing and cracking. Artisans weave the fibers by hand around fully welded, rustproof aluminum frames, resulting in lightweight and corrosion-resistant furniture.

CARE

Use a dry, clean cloth to dust your furniture weekly and help maintain its luster. To clean furniture, spray off any dirt or debris with a hose and wipe dry with a soft cloth. Avoid letting water stand on the surface of your furniture and cushions.

All-Weather Wicker

If exposed to harsh sunlight or the elements, all-weather wicker will fade over time. We recommend that you protect your furniture and prolong its life with our custom-fit outdoor furniture covers when not in use.

Cushions

Sunbrella cushion covers are machine washable or may be spot cleaned with mild soap and water. For stain removal use a diluted solution of 1 part chlorine bleach, ¼ cup mild soap and 1 gallon water. Allow fabric to air dry.

Perennials cushion covers may be spot cleaned with mild, natural soap and thoroughly rinsed with lukewarm water. For stain removal, use a diluted solution of 1 part chlorine bleach to 2 parts water. Allow fabric to air dry. Professional cleaning is recommended for tough, persistent stains.

Flip cushions on their sides when wet to help drainage. To protect furniture and cushions year-round, use our custom-fit covers when furniture is not in use.
