

## CHILD SAFETY & OUR CUSTOM WINDOW PROGRAM

Child safety is of paramount concern to us. Every window product we sell is designed and manufactured in accordance with the latest safety standards as set forth by the U.S. Consumer Product Safety Commission and the Window Covering Manufacturers Association.

We advise that you follow these basic window-cord safety rules:

- Install only cordless window coverings in young children's bedrooms, sleeping areas and playrooms.
- Replace window blinds, corded shades and draperies manufactured before 2001 with today's safer products.
- Move all cribs, beds, furniture and toys away from windows and window cords, preferably to another wall.
- Keep all window pull cords and inner lift cords out of the reach of children. Make sure that tasseled pull cords are secured out of reach with a cord cleat, and continuous-loop cords are permanently anchored to the floor or wall. Make sure cord stops are properly installed and adjusted to limit movement of inner lift cords.
- Lock cords into position whenever horizontal blinds or shades are lowered, including when they come to rest on a window sill.
- Never mount products with accessible back cords, such as Roman or Wood Shades, within reach of children.

If you have any questions or concerns, contact Customer Service at 888.669.2809.

### **⚠ WARNING**

Window blind cord can **STRANGLE** your child.  
To prevent strangulation, purchase cordless products or products with inaccessible cords.

### **⚠ ADVERTENCIA**

La cuerda de la persiana puede **ESTRANGULAR** a su niño.  
Para evitar el estrangulamiento, compre alternativas cuerda o productos con cuerdas inaccesibles.

### **⚠ MISE EN GARDE**

Votre enfant peut **S'ÉTRANGLER** avec un cordon de store.  
Pour éviter la strangulation, achetez un produit sans cordon ou dont le cordon n'est pas accessible.
