- (L) Crystal Kit
- (M) Bulbs (9)
- (N) Allen Wrench (1)
- (O) Mounting Screws (2)

IMPORTANT SAFETY INSTRUCTIONS

INSTALLATION BY A LICENSED ELECTRICIAN IS STRONGLY RECOMMENDED.

WE RECOMMEND INSTALLATION BY A LICENSED ELECTRICIAN.

This fixture must be mounted to the ceiling independent of an outlet box. Your ceiling may require modification to allow the mounting plate to be secured to a structural member. This fixture **MUST NOT** be secured using any type of hollow ceiling anchor, such as a toggle bolt.

This fixture has been rated for up to nine (9) 40-watt maximum Type A lightbulbs (included) or nine (9) 9-watt compact fluorescent lightbulbs (not included). To avoid the risk of fire, do not exceed the recommended wattage.

WARNINGS

All wires are connected. When unpacking, be careful not to pull wires, as a bad connection may result. Do not connect electricity until your fixture is fully assembled. To reduce the risk of fire, electrical shock, or personal injury, always turn off fixture and allow it to cool prior to replacing the lightbulbs. Do not touch or look directly at the bulbs when fixture is illuminated. Keep flammable materials away from lit bulbs.

WARNING: This product can expose you to lead, which is known to the State of California to cause cancer and birth defects or other reproductive harm. For more information, go to www.P65Warnings.ca.gov.

THIS PRODUCT IS NOT A TOY AND HAS NO PLAY VALUE.

WARNING: STRANGULATION HAZARD

Keep cord at least 3 feet away from cribs, bassinets, and toddler beds. Keep out of reach of children under 3 years of age.

ASSEMBLY & INSTALLATION

SHUT OFF THE MAIN ELECTRICAL SUPPLY FROM THE FUSE BOX OR CIRCUIT BREAKER PANEL.

1. Carefully remove all parts from the box and remove all plastic coverings.
2. Determine the hanging length of pendant. Connect Threaded Joints (I) to some or all Connection Rods (E) (F) (G) according to the height needed.
3. Unscrew Canopy Rings (D). Slide Canopy Rings (D) and Canopy

ASSEMBLY & INSTALLATION CONT.

- (C) on Connection Rods (E) (F) (G).
4. Feed wires through Connection Rods (E) (F) (G) to come out from the back side of Canopy (C).
5. Attach Mounting Plate (A) to the ceiling and secure with Mounting Screws (O) and other proper fasteners from your local hardware store.
6. Connect the safety steel wire from the fixture to the safety cable from the ceiling (see illustration).
7. Hook hanging loop on Connection Rods (E) (F) (G) to Mounting Loops (B) using Allen Wrench (N).
8. Carefully inspect the chandelier's two fixture wires. One has very fine ridges molded into the plastic covering – this is the neutral wire. The second wire's covering is smooth – this is the hot wire. The bare wire is the ground wire.
9. Connect the ground wire from the fixture to the ground wire (usually bare) from your ceiling box using a wire nut. If your house does not have ground wire, then attach the ground wire from the fixture to the green grounding screw inside of the outlet box. **IT IS IMPERATIVE THAT THE OUTLET BOX IN YOUR HOME BE PROPERLY GROUNDED.**
10. Connect the neutral wire from your fixture to the neutral wire (usually white) from your ceiling box using a wire nut.
11. Connect the hot wire from your fixture to the hot wire (usually black) from your outlet box using a wire nut. **DO NOT REVERSE THE HOT AND NEUTRAL CONNECTIONS OR SAFETY WILL BE COMPROMISED.**
12. Tuck the wire connection neatly into the ceiling outlet box.
13. Attach Canopy (C) with Fixture Body (H) to the affixed Mounting Plate (A) and secure with Canopy Rings (D).
14. To prepare to hang the crystal links to Fixture Body (H): Connect two of Closed Crystal Links (K) with two of Opened Crystal Links (J). It is now called Crystal Links Kit (L) (see Fig. 1).
15. Connect 16 sets of Crystal Links Kit (L) for the top tier, then hang the Crystal Links Kit (L) around the top tier.
16. Connect 32 sets of Crystal Links Kit (L) for the second tier, then hang the Crystal Links Kit (L) around the second tier.
17. Connect 48 sets of Crystal Links Kit (L) for the third tier, then hang the Crystal Links Kit (L) around the third tier.
18. Insert Bulbs (M) into each of the sockets.
19. Assembly is complete.

CARE INSTRUCTIONS

Do not use polishes or cleaners on the fixture. Wipe clean with a soft, dry cloth.
