

# SAN MARCO TWO-TIER ROUND CHANDELIER 48"

ASSEMBLY AND INSTALLATION INSTRUCTIONS  $\mathbf{ENGLISH}$ 

## SAN MARCO TWO-TIER ROUND CHANDELIER 48"

## PARTS INCLUDED

- (A) Ceiling Bracket (1)
- (B) Ceiling Canopy (1)
- (C) Loop (1)
- (D) Bolts (4)
- (E) Wire Caps (3)
- (F) Safety Cable (1)
- (G) Ring (1)
- (H) Bulbs (22)
- (I) Chain (1)
- (J) 15.5" Panels (164)
- (K) Nuts (327)

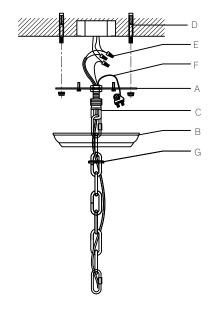

Power Drill

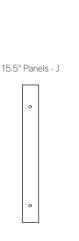

Phillips Screwdriver

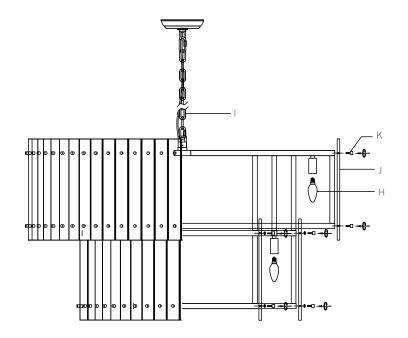

Wrench

Electrical Tape

Bolt Clipper

#### IMPORTANT: PLEASE READ

PLEASE FOLLOW THE ASSEMBLY INSTRUCTIONS CLOSELY. IMPROPER ASSEMBLY OR INSTALLATION CAN RESULT IN PERSONAL OR PROPERTY DAMAGE. MOUNTING HARDWARE HAS BEEN PROVIDED FOR MOUNTING TO A WOODEN STRUCTURAL BEAM. UNIQUE OR ALTERNATIVE INSTALLATION TYPES MAY REQUIRE DIFFERENT MOUNTING HARDWARE, WHICH HAS NOT BEEN INCLUDED. ALWAYS CONSULT WITH A LICENSED ELECTRICIAN BEFORE INSTALLATION.

INSTALLATION BY A LICENSED ELECTRICIAN IS STRONGLY RECOMMENDED.

#### **IMPORTANT SAFETY FEATURES**

#### **BULBS**

This fixture has been rated for up to 22 (twenty-two) 40-watt maximum E12 Type B incandescent lightbulbs, or up to 22 (twenty-two) 5-watt maximum LED E12 Type B lightbulbs.

To avoid the risk of fire, do not exceed the recommended wattage.

#### **VAULTED CEILING COMPATIBILITY**

This fixture is vaulted-ceiling compatible, up to a maximum ceiling slope of 30 degrees.

#### DIMMER SWITCH COMPATIBILITY

This fixture is dimmer-switch compatible, and may only be used with a forward-phase dimmer switch.

#### **CEILING REINFORCEMENT**

Fixtures weighing 50 lbs. or more will require additional reinforcement above the ceiling where they are to be installed.

#### WARNINGS

All wires are connected. When unpacking, be careful not to pull wires, as damage may result. Do not connect electricity until the fixture is fully assembled. To reduce the risk of fire, electrical shock, or personal injury, always turn off the fixture and allow it to cool prior to replacing the lightbulbs. Do not touch or look directly at the bulbs when the fixture is illuminated. Keep flammable materials away from lit bulbs.

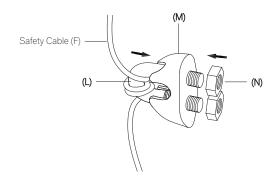

#### **WARNING: STRANGULATION HAZARD**

Keep cord at least 3 feet away from cribs, bassinets, and toddler beds. Keep out of reach of children under 3 years of age.

#### THIS PRODUCT IS NOT A TOY AND HAS NO PLAY VALUE.

#### **INSTALL SAFETY CABLE:**

- Remove Hex Nuts (N) from Cable Lock Nut (L) and pull Cable Lock Nut (L) from Cable Clamp (M).
- 2. Wrap Safety Cable (F) around Cable Lock Nut (L).
- 3. Secure by tightening both Hex Nuts (N).

#### ASSEMBLY AND INSTALLATION

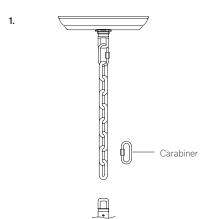

# SHUT OFF THE MAIN ELECTRICAL SUPPLY FROM THE FUSE BOX OR CIRCUIT BREAKER

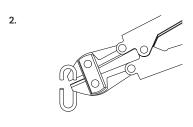

- Carefully remove all parts from the packaging and place everything on a flat surface. Check that you have all the parts listed on the previous page before beginning assembly.
- 2. Determine the desired hanging length of the fixture. Connect Chain (I) according to the height desired. Adjust the chain length per the instructions and diagram on the next page.
- 3. Remove Ceiling Bracket (A) from Ceiling Canopy (B) by unscrewing Ring (G).
- 4. Fasten Ceiling Bracket (A) onto the ceiling outlet box using Bolts (D).
- 5. Thread the fixture wire(s) and Safety Cable (F) through the links of Chain (I), from bottom to top 5 (five) times. Then thread the links through the suspension eye and Ceiling Canopy (B). Connect the 3 (three) fixture wires and Safety Cable (F) to Ceiling Bracket (A) with the included wire lock. Connect the clear wire from the fixture to the positive wire from the outlet box with a Wire Cap (E). Connect the white wire from the fixture to the neutral wire from the outlet box with a Wire Cap (E). Connect the green wire from the fixture to the ground wire from the outlet box with a Wire Cap (E). Then secure all wires by wrapping them with electrical tape.
- 6. Connect Loop (C) to Ceiling Bracket (A) with Chain (I), then tighten Ring (G) securely.
- 7. Check whether Chain (I) connection is sufficiently strong, then carefully lower the fixture until the links are taut.
- 8. Insert Bulbs (H) into the fixture sockets. DO NOT EXCEED THE SPECIFIED WATTAGE.
- Remove all Nuts (K) from the fixture frame. Install 15.5" Panels (J) on the fixture frame with Nuts (K). The 15.5" Panels (J) can be adjusted by loosening Nuts (K) and sliding the panels up or down slightly, then re-tighten Nuts (K).
- 10. Assembly is complete.

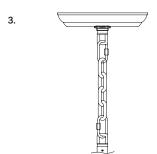

## **HEIGHT ADJUSTMENT INSTRUCTIONS**

- 1. Adjust the chain length with the included Carabiner, according to the height desired.
- Cut the link that's not needed with a bolt clipper, and remove the remaining unnecessary links. Reattach the chain to the fixture using the Carabiner.
- 3. Height adjustment is complete.

#### ATTENTION: ADJUSTING THE HANG HEIGHT

Any adjustments or alterations to the fixture, cord, or overall hang height that differ from those detailed on RH.com will void the Laboratory Listing and Approvals (UL, ETL, CSA, etc.). If the listing is voided, this means the product may no longer be safe for use as modified. RH does not recommend modifying the product.

## **CARE INSTRUCTIONS**

Do not use polishes or cleaners on the fixture. Wipe clean with a soft, dry cloth.
