SPOTLIGHT OUTDOOR FURNITURE & ACCESSORIES

As the industry shifts to focus on the outdoors, we take a look at the best products to enhance open-air spaces.

RH Tropea

An exercise in form and function, the Tropea collection by eminent Italian architect and designer Claudio Bellini achieves a perfect balance. The lounge chair's angular silhouette, raked legs and cantled, wedge back create a dynamic composition – matched by the generously proportioned seating and welcoming comfort – while its distinctive profile is modern and architectural. The collection also includes a sofa, chaise, ottoman and coffee table, as well as a dining table, armchair and side chair.
