RH MARIN BRINGS A MEDLEY OF LUXE FURNITURE AND FINE DINING TO THE GALLERY AT THE VILLAGE.

BY ASHLEY WU

Encompassing 60,000 square feet, RH Marin, The Gallery at the Village truly is a transformative shopping experience. With three levels of furniture, the store is arranged in a decadent display of RH's style: a mix of luxe, organic textures, confident silhouettes and a timeless sensibility.

"RH Marin is a deeply personal project given its proximity to our Center of Innovation and headquarters in Corte Madera. It's a reflection of our very best work to date—an architecturally inspiring and immersive experience that blurs the lines between residential and retail, indoors and outdoors, home and hospitality," says RH Chairman and Chief Executive Officer Gary Friedman. "Our entire team is proud and honored to bring this innovative concept to the town we call home."

The store's crown jewel lies on the roof, a space that combines the RH philosophy of beautiful living with cuisine in the form of an ingredient-driven menu. Modeled as a skylit garden, RH Rooftop Restaurant features heritage olive trees interspersed with chandeliers. An atrium with retractable glass walls arcs over diners. RH's eatery extends outward onto a landscaped park with views of Mount Tamalpais peak, as well as the lights of San Francisco Bay. To top it off, a climate-controlled wine bar ensures that even the most seasoned wine connoisseur can discover something new.

Inside the showroom, the harmonious indoor-outdoor connection continues. Glass and steel French doors lead customers onto terraces that evoke summers spent in Europe. Classical architecture is accentuated by evergreen trees and the low hum of fountains. Much of the shop space is devoted to RH Interiors, Modern and Outdoor furniture. For those who wish to customize their homes, RH Interior Design Firm & Atelier offers professional design services with private client presentation rooms and state-of-the-art technology to make these visions possible. However, for the undecided, RH's collection of artisanal pieces guarantee that their homes will be just as effervescent. *Corte Madera, restorationhardware.com*

Clockwise from top: RH's new Gallery at the Village is a three-level structure filled with gorgeous displays; Gary Friedman has served as the chairman, CEO and founder of RH since 2014; the RH Marin rooftop restaurant allows visitors to dine along heritage olive trees with a scenic view of Mount Tamalpais peak; luxe and rustic styles fuse in the RH Marin showrooms, which are mainly split into Interiors, Modern and Outdoor furniture.
