This month, RH London opens: a first-of-its-kind blend of design and hospitality housed in sumptuous Uxbridge House. The gallery sees a mix of RH's signature rare art, antiques and home furnishings sit alongside The Treasury: a 136 seat restaurant that has – as one would expect from RH – been lovingly and beautifully restored with a gold-leaf ceiling and Venetian glass chandeliers. There is also Perch Bar and the Wine Bar and Tea Salon; making the venue a veritable feast for the senses. Come for the furniture, stay for the food!
