FEATURES

Inspired by the treillage latticework of the Louis XVI period, popular in gardens and garden-inspired rooms, our neoclassical collection for the bath features inlaid bands of diagonal laser-cut metalwork. Each hand-built piece is set on turned "toupie" legs and fitted with rosette handles.

- Sink bases include basins and are sold individually or as a set with your choice of stone top
- Customize with 1¼"-thick Italian Carrara marble, Italian Crema marble, Italian Pietra Grigio marble or Belgian bluestone top
- All stone tops are hand-finished, sealed twice and pre-drilled to accommodate all 8" widespread faucet sets (sold separately) and our 19" undermount basin (included)
- 3"H backsplash included with top
- Built from distressed solid pine, inlaid by hand with metal
- Latticework extends across face and sides
- Lathe-turned legs
- In weathered pine with oxidized metal lattice and hardware or espresso pine with blackened metal lattice and hardware

- Oxidized metal is unsealed and may rust over time, enhancing its rustic one-of-a-kind character. Note that the rust may rub off if it comes in contact with other furniture or fabrics
- Top side drawers (under basins) of Double Vanity Sink are decorative; all center drawers are functional
- Top drawer of Powder Room Vanity Sink is decorative; top drawer of Single Vanity Sink is decorative
- Top center drawer of Extra-Wide Vanity Sink is decorative; others are functional
- Variations in the wood and metalwork are to be expected and celebrated. Each item is unique; cracks, nicks and imperfections will be present
- Construction crew recommended to facilitate delivery; professional installation also recommended
