Along the winding backstreets of European cities, centuries-old buildings are arranged around courtyards secreted behind massive wooden doors. A pair of those French doors from the late 19th century, with carved panels and metal trim, inspired our bedroom furniture collection.

- Crafted by hand from solid oak and oak veneers with a softly weathered finish

- Surmounted by a bracketed cornice
- Wood support system; requires a standard mattress and box spring
- Nightstands, Dressers and Armoire trimmed with oxidized metal hardware with escutcheons
