### FEATURES

Iron furniture became popular during the 19th century, as metalworking advanced and artisans deployed revival-style curves in their projects. Our bed was inspired by an iron fence along the banks of the Danube in Prague, complete with a Gothic quatrefoil framed in the openwork headboard.

- Crafted of iron and steel
- Distressed, oxidized, powder-coated finish lends it the patina of age
- Upholstered headboard and rails in Sand Belgian Linen
- Includes a metal support system; requires a standard mattress and box spring

### CARE

Dust or vacuum upholstered beds regularly to help keep fabric looking new. Dab spills immediately with a soft white cloth dampened with distilled water. Do not use tap water or detergents to clean. Professional in-home upholstery cleaning is recommended. Avoid direct sunlight and heat to prevent premature fading. Wipe metal with a soft, dry cloth.
