FEATURES

Popular during the 18th century, tilt-top tables provided space-saving settings for afternoon tea or wine tastings. We've reproduced a vintage table that embodies the neoclassic form; tucked underneath, an oversized wing nut turns the table's top from horizontal to vertical.

- Metal top has a stepped, cast metal rim
- Cast iron tripod base with sculptural legs

- Central column terminates with finial at bottom
- Dark rustic finish

CARE

Wipe with a soft, dry cloth. Use coasters or placemats to help prevent marks or stains.
