FEATURES

Inspired by 18th-century antiques, our reproduction of the classic Os de Mouton chair features hand-carved stretchers in the shape of a sheep's horns. To achieve its beautifully weathered character, skilled artisans employ a painstaking, multistep finishing process.

- Built by hand of solid oak
- Kiln-dried and corner-blocked
- Comfortably padded seat and back
- Finish is created through a proprietary process in which the wood is soaked, dried at a high temperature, then soaked and dried again to create a compelling vintage look
- Sanded slightly after aging to enhance the wood's raw, welcoming appeal
- Nicks, imperfections and natural variations in color are to be expected
- Weathered Oak Drifted finish

FABRIC CARE

Dust or vacuum regularly to help keep fabric looking new. Avoid direct sunlight and heat to prevent premature fading. Dab spills immediately with soft white cloth dampened with distilled water. Do not use tap water or detergents to clean.

LEATHER CARE

Dust regularly. Dab spills immediately with a soft, clean cloth. Do not use polishes, preservers, or leather soaps to clean. Light scratches may be rubbed out by the natural heat of your finger. Aniline-dyed leather will lighten and soften over time and develop a rich, burnished patina. Avoid direct sunlight and heat to protect the leather.
