FEATURES

Designed with bold lines and elemental details, our collection was inspired by a Belgian brickmaker's drying table. Each piece is crafted from reclaimed Azobe wood with a sun-bleached finish that heightens the wood's natural tonal variations. Raw steel banding creates textural contrast.

- Handcrafted from reclaimed Azobe wood
- By their nature, unsealed salvaged wood planks may be somewhat uneven, and may cup or bow slightly over time, further enhancing their rustic one-of-a-kind character; cracks may be present
- This collection is artisan-crafted with meticulous care. Given its handmade and hand-finished nature, variations in the wood or metal work are to be expected and celebrated. Each item is unique and no two are exactly alike.
- Loose seat and back cushions are polyfilled and available in 123 fabric options: 95 colors in Perennials® Textured Linen Weave, Classic Linen Weave, Faille, Textured Stripe, Solid Textured Weave, Canvas, Portofino Awning Stripe, Portofino Variegated Stripe and Portofino Ticking Stripe; and 28 colors in Sunbrella® Twill or Canvas fabrics
- Both Perennials and Sunbrella fabrics are easy to clean and care for, resisting mildew, stains and fading
- Perennials fabric may develop a brushed, softened appearance over time as a result of use and wear. This is a natural characteristic of the fabric and is not a defect. If desired, use a fabric shaver to remove any loose fibers and create a smoother appearance.
- For use indoors or in covered outdoor areas
- Protect your investment with our custom-fit outdoor covers

CARE

Use a dry, clean cloth to dust your furniture weekly and help maintain its luster. To clean furniture, spray off any dirt or debris with a hose and wipe dry with a soft cloth. Avoid letting water stand on the surface of your furniture and cushions.

CUSHIONS

Sunbrella cushion covers are machine washable or may be spot cleaned with mild soap and water. For stain removal use a diluted solution of 1 part chlorine bleach, ¼ cup mild soap and 1 gallon water. Allow fabric to air dry.

Perennials cushion covers may be spot cleaned with mild, natural soap and thoroughly rinsed with lukewarm water. For stain removal, use a diluted solution of 1 part chlorine bleach to 2 parts water. Allow fabric to air dry. Professional cleaning is recommended for tough, persistent stains.

Flip cushions on their sides when wet to help drainage. To protect furniture and cushions year-round, use our custom-fit covers when furniture is not in use.
