FEATURES

A salute to clean and contemporary style, our collection celebrates the beauty of unadorned Russian reclaimed oak. Free of ornamentation, the design is defined by its lower, more relaxed silhouette. Expert craftsmanship makes the most of the weathered character that the wood has accumulated over decades.

- Handcrafted of solid reclaimed Russian oak timbers
- Rough-hewn planks are carefully hand-selected, planed and sanded
- Bears the hallmarks of reclaimed wood with nicks, imperfections and nail marks that speak to the wood's provenance
- Table's straight panel legs fit seamlessly into notched tabletop corners
- Stands up to sun, rain, frost and snow
- Enduring mortise-and-tenon construction
- As oak seasons with age and is exposed to rain or moisture, it may release tannins, a natural compound inherent to oak
- Tannins released from oak will stain concrete or stone patios. Do not place oak furniture directly on these surfaces
- Reclaimed oak, if left uncovered, will fade after a season's use. Once the finish fades, exposing oak to the elements, the furniture will begin to acquire a beautiful grey patina.
- By their nature, reclaimed wood planks may be somewhat uneven, and may cup or bow slightly over time, further enhancing their rustic one-of-a-kind character; cracks may be present
- This item is artisan crafted with meticulous care. Given its handmade and hand-finished nature, variations in the wood are to be expected and celebrated. Each item is unique and no two are exactly alike.
- Lofty, zippered and poly-filled seat cushions (sold separately) come in a choice of 123 fabrics: 95 colors in Perennials® Textured Linen Weave, Classic Linen Weave, Faille, Textured Stripe, Solid Textured Weave, Canvas, Portofino Awning Stripe, Portofino Variegated Stripe and Portofino Ticking Stripe; and 28 colors in Sunbrella® Twill or Canvas fabrics
- Both Perennials and Sunbrella fabrics are easy-care and weather-friendly, resisting mildew, stains and fading

- Perennials fabric may develop a brushed, softened appearance over time as a result of use and wear. This is a natural characteristic of the fabric and is not a defect. If desired, use a fabric shaver to remove any loose fibers and create a smoother appearance.
- Protect your investment and minimize aging with our custom-fit outdoor covers
- Imported

CARE

Use a dry, clean cloth to dust your furniture weekly and help maintain its luster. To clean furniture, spray off any dirt or debris with a hose and wipe dry with a soft cloth. Avoid letting water stand on the surface of your furniture and cushions.

RUSSIAN OAK

Russian Oak will naturally lighten in color with sun exposure and can be maintained with a periodic cleaning using a warm water and mild dishwashing soap solution. Gently scrub the wood with a soft-bristle brush in the direction of the grain. Rinse thoroughly with water and allow to dry completely before use. Always wipe wood furniture dry after cleaning with water, or anytime it gets wet. To keep furniture clean and prolong its life, protect pieces with our custom-fit covers when not in use. Allow furniture to completely air dry before covering.

CUSHIONS

Sunbrella® cushion covers are machine washable or may be spot cleaned with mild soap and water. For stain removal use a diluted solution of 1 part chlorine bleach, ¼ cup mild soap and 1 gallon water. Allow fabric to air dry.

Perennials cushion covers may be spot cleaned with mild, natural soap and thoroughly rinsed with lukewarm water. For stain removal, use a diluted solution of 1 part chlorine bleach to 2 parts water. Allow fabric to air dry. Professional cleaning is recommended for tough, persistent stains.

Flip cushions on their sides when wet to help drainage. To protect furniture and cushions year-round, use our custom-fit covers when furniture is not in use.
