Fountains are delivered in 1-2 weeks in most US metropolitan areas. See website for delivery to Canada, pricing and additional views. Catalog and Web only.

### FEATURES

The handsome geometry of our clean-lined fountain makes the perfect foil for a graceful jet of water that rises from the center. Handcrafted of steel and bathed in weathered zinc for a rustproof finish that will grow more beautiful with time.

- Entirely crafted by hand in Hungary
- Steel is hot-dipped in zinc for a rustproof finish
- Antiqued for timeworn appeal; will continue to patina

- Frost-resistant up to -4°F (-20°C)
- Silent, UL-listed, energy-saving pump is made in Italy
- Water recirculates within the fountain

### CARE

Remove pump from fountain during freezing temperatures. Remove water from fountain bowl during winter to prevent water from freezing.
