### FEATURES

Our Brickmaker's Table is a vintage original. The reclaimed tabletop, crafted from Northern European azobe wood, was once a pallet used a century ago to cut and transport bricks in Belgium. Framed by a hand-welded rustproof aluminum base and secured by cross-braced legs, it promises to host decades of future outdoor gatherings.

- Tabletop was originally a pallet used to cut, cool and transport bricks a century ago in a Belgian brickworks
- Handcrafted from thick planks of reclaimed azobe wood – a strong, weather-hardy, tight-grained timber
- Sturdy, hand-welded aluminum base has a durable, grey powdercoated finish
- By their nature, unsealed salvaged wood planks may be somewhat uneven, and may cup or bow slightly over time, further enhancing their rustic one-of-a-kind character; cracks may be present
- This item is artisan crafted with meticulous care. Given its handmade and hand-finished nature, variations in the wood or metal work are to be expected and celebrated. Each item is unique and no two are exactly alike
- Vintage Market Crate Chair constructed of heavy-gauge aluminum with blackened powdercoated finish
- Lofty, zippered and poly-filled seat and back cushions are sold separately; see website.
- Cushions available in 123 fabric options: 95 colors in Perennials® Textured Linen Weave, Classic Linen Weave, Faille, Textured Stripe, Solid Textured Weave, Canvas, Portofino Awning Stripe, Portofino Variegated Stripe and Portofino Ticking Stripe; and 28 colors in Sunbrella® Twill or Canvas fabrics

- Both Perennials and Sunbrella fabrics are easy-care and weather-friendly, resisting mildew, stains and fading
- The Perennials fabric may develop a brushed, softened appearance over time as a result of use and wear. This is a natural characteristic of the fabric and is not a defect. If desired, use a fabric shaver to remove any loose fibers and create a smoother appearance

### CARE

Use a dry, clean cloth to dust your furniture weekly and help maintain its luster. To clean furniture, spray off any dirt or debris with a hose and wipe dry. Avoid letting water stand on the surface. Protect your furniture with our custom-fit covers when not in use.

### Cushions

Sunbrella cushion covers are machine washable or may be spot cleaned with mild soap and water. For stain removal use a diluted solution of 1 part chlorine bleach, ¼ cup mild soap and 1 gallon water. Allow fabric to air dry.

Perennials cushion covers may be spot cleaned with mild, natural soap and thoroughly rinsed with lukewarm water. For stain removal, use a diluted solution of 1 part chlorine bleach to 2 parts water. Allow fabric to air dry. Professional cleaning is recommended for tough, persistent stains.

Flip cushions on their sides when wet to help drainage. To protect furniture and cushions year-round, use our custom-fit covers when furniture is not in use.
