 Unlimited Furniture Delivery at a low flat rate based on delivery area. See a store associate or our website for details.

Furniture is delivered in 1-2 weeks in most US metropolitan areas. See website for delivery to Canada, pricing and additional views. Catalog and Web only.

FEATURES

A disk of weathered concrete top a sturdy rustproof aluminum skirt creates a table at once industrial and sculptural. The gently curved base provides a graceful silhouette and comfortable seating.

- Bases are made from rustproof aluminum, with a durable powdercoated finish in dark bronze; given the table's handmade and hand-finished nature, variations in the metal work are to be expected
- This item is artisan crafted with meticulous care. Inherent variations in the color and shading of the concrete, as well as the casting process, lend unique character to each table; no two are exactly alike
- Tabletop is handcrafted from 1½"-thick concrete composite in light cool grey

CARE

Concrete may exhibit spots and hairline cracks due to exposure to the elements and usage. It is important to reseal the finish of the concrete top at the end of each season. This is recommended on any outdoor concrete furniture with a finish or stain.

Concrete

Weathered Concrete & Metal (tabletops) - Clean with a damp cloth. Avoid abrasive soaps and cleaners. Wipe up spills quickly to avoid staining. Do not cut directly on the concrete tabletops. When not in use, a custom-fit cover must be used to guard against moisture and the elements. This will protect the finish and prolong the life of your furniture.

SWATCHES

Finish swatches available online, in stores or by calling 800.762.1005.
