FEATURES

A disk of weathered teak atop a sturdy rustproof aluminum skirt creates a table at once industrial and sculptural. The gently curved base provides a graceful silhouette and comfortable seating.

- Tabletop features a weathered grey finish that will acquire a patina over time
- Tabletop able to withstand sun, rain, frost and snow
- Bases are made from rustproof aluminum, with a durable powdercoated finish in dark bronze
- This item is artisan crafted with meticulous care. Given its handmade and hand-finished nature, variations in the wood or metal work are to be expected and celebrated. Each item is unique and no two are exactly alike

CARE

Use a dry, clean cloth to dust your furniture weekly and help maintain its luster. To clean furniture, spray off any dirt or debris with a hose and wipe dry. Avoid letting water stand on the surface of your furniture.

Teak with a Weathered Grey Finish - To prolong its soft, weathered finish, protect your furniture with our custom-fit covers when not in use. If left uncovered, the weathered grey finish will fade away after a season of use. Once the weathered finish fades, exposing unfinished teak to the elements, the furniture will begin to acquire the beautiful silvery-grey patina that is typical of untreated teak.
